

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground

Date of installation

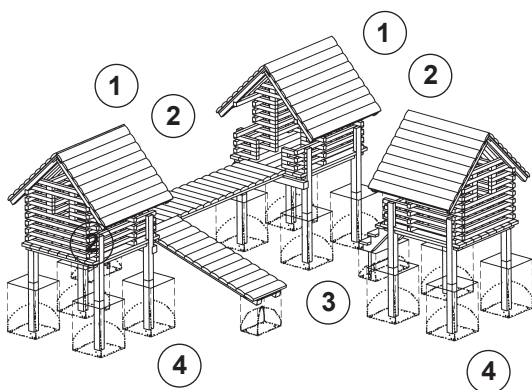

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

House Group C
Order No. 4.10900/L4.10900
L4.10901

Wooden parts

1. Check for rot and, if necessary, smooth splinters and round off sharp edges and cracks.
2. Check that all bolts and screws are tight and retighten if necessary.
3. Check steps for wear and tear. At least 2/3 of the material should be left.

Structural stability

4. In order to check for rot at wooden parts or steel feet for corrosion, uncover the foundation once a year.
