

### Play value

Our big and small snails are versatile and attractive design elements especially suited for the small children's area. The friendly animals can be used as comfortable seats or just to hold onto lovingly. Often, they will be integrated into role-play games. Due to their emotional appeal, they also act as identifying features that help children to develop a connection to the playground.

### Fundamental characteristics

- Child-oriented dimensions according to ergonomic knowledge
- Emotionally appealing design chunky body
- Experience: large, thick trunks with natural phenomena such as year rings and branches

### Recommended for

- Children under 3 years
- Kindergarten children
- School children
- Supervised play areas, such as kindergartens, schools, after-school programmes or similar
- Public play areas without supervision, such as playgrounds, parks or similar

**Technical information**

Equipment made of non-impregnated mountain larch

**Peeled white**

Palisades peeled white means that bark, cambium and sapwood are removed, the natural shape of the trunk is preserved and can be experienced

**Ground anchor**

All parts used for anchoring to the ground are made of hot-dip galvanised steel or stainless steel

**Chains**

Chains made of hot-dip galvanized steel (1.4301 / 1.4571 at extra charge) welded before galvanising, short-linked, without eyelets on the connecting parts, easy to exchange and shorten

**Relief cut**

Targeted relief cut as an effective measure against cracks caused by drying. The cut defines the position of the stress equalization in the trunk and minimises natural cracking
