

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Rotating Conveyor with Tipper Trays Order No. 5.20850

Note

Prior to the start of the frost period, drain water pipes and disconnect from water mains.

Operation

1. Ensure that bearings move smoothly and check for wear and tear. Replace tipper trays if necessary.

Screws/bolts

2. Check that bolts and screws are tight and retighten if necessary.

Structural stability

3. Check anchoring to the ground (stand posts) every 12 months.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date
