

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

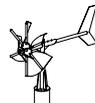

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

Windmills
with galvanised posts

Six-fan Windmill
Order No. 9.65045

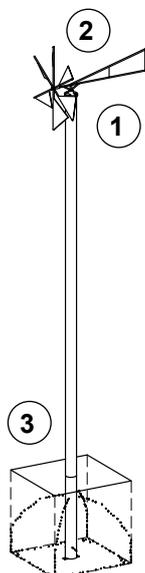

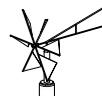

Wind Disc
Order No. 9.65065

Wind Cone
Order No. 9.65075

Light Windmill
Order No. 9.65085

Operation

1. Check that windmill moves smoothly.
2. If the windmill no longer rotates, check ball bearing for wear and tear and replace if necessary.

Structural stability

3. Uncover the foundation twice a year and check for rot at wooden parts. Galvanised masts must be checked for corrosion.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date
