

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground

Date of installation

Checks depend on the kind of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on:

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also „General instructions for maintenance of playgrounds“.

Pirouette
Order No.10.91000

Turning Disc

1. Check for wear, renew if required.
2. Check the screw and bolt connections for firmness

Stainless Steel

3. Clean with stainless steel spray (www.kimtec.de) using a clean cloth.

Structural stability

4. Check the anchoring to the ground once a year for stability.

Note

The ball bearing of the equipment is sealed and maintenance-free.

Special notes (e. g. for repairs):
