Play value

The abstracted shape of the sheep is no problem for children. At once, they recognize them as standing and resting sheep by their posture, the expression of their faces and the characteristic look of their ears. The sheep become part of role play, are used for riding or as alternative seats. When they are installed in a group, the play area gets a friendly warm atmosphere.

Fundamental characteristics

- Appealing, child-orientated design
- Tactile experience of wood
- Abstracted design
- Incentive for playing: friendly appearance, ears

Recommended for

- Children under 3 years

- Supervised play areas, such as kindergartens, schools, after-school programmes or similar
