

# Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation .....

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

**Sound Chord**  
Order No. 10.52300

## Sound chord

1. Check tension of chords, if necessary re-tension.

## Stainless steel

2. Clean with stainless steel spray using a clean cloth.

## Structural stability

3. In order to check the fixation to the ground or steel feet for corrosion, uncover the foundation once a year.

### Note

To achieve a good sound quality, this equipment must be tuned after installation and the pitch must be checked at regular intervals.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date .....
