

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

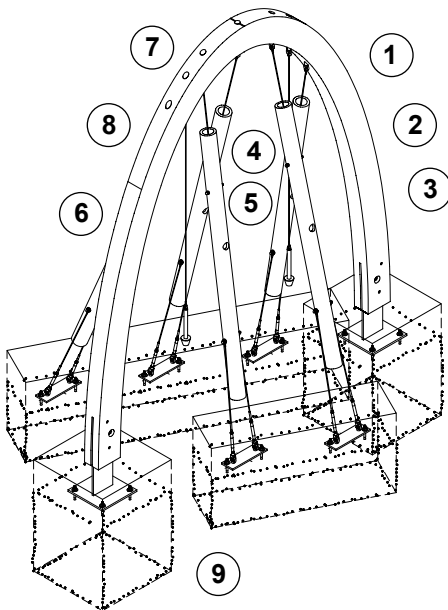

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Sound Arch
Order No. 10.53200

Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. Check all bolts and screws are tight and retighten if necessary.
3. **Recommendation:** apply wood preservative wax (www.complex-farben.eu) once a year.

Cables

4. Check cables and connections to wood for wear and tear.
5. Check the tension of the tube suspensions and re-tension if necessary.

Beaters

6. Check for wear and tear.
7. Check that the beaters are properly connected.
8. If necessary, disentangle suspension cables; if a beater is missing (vandalism) install a replacement beater.

Structural stability

9. In order to check that the equipment is securely fastened to the ground, uncover the foundations once a year.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

For spare parts refer to back of page.
