

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Small Sickle Disc
Order No. 11.05000

Stainless steel

1. Clean with stainless steel spray using a clean cloth.

Operation

2. Check that discs move smoothly.

Structural stability

3. In order to ensure that the equipment is securely fastened to the ground and to check the foot for corrosion, uncover the foundation once a year.
