

# Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation .....

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

## Sand Hoist with Shovel Order No. 5.97000

### Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. Check that all bolts and screws as well as all wood joints are tight, retighten if necessary.
3. **Recommendation:** apply paraffin wax to the upper end grain areas once a year, please refer to Order No. 0.90100, 1 litre.

### Chain

4. Check chain and connection to chain; check wear on contact surfaces between first and second chain link.

### Rubber

5. Check for vandalism (e.g. cuts) and replace if necessary.

### Axle, Bearings and Chains

6. Check that the axle moves smoothly.
7. Check bearings and chains for wear and tear.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date .....
